

MINUTES OF THE MEETING
OF THE
BOARD OF DENTISTRY

October 14, 2005

ROLL CALL

The meeting of the Board of Dentistry was called to order at 8:00 a.m. by Paul Tamisiea, Chairperson, in the Staybridge Room of the Staybridge Suites, 2701 Fletcher Avenue, Lincoln, Nebraska. The agenda was sent to the Board members and other interested parties prior to the meeting. The following members answered the roll call:

Paul E. Tamisiea, DDS, Chairperson
John P. Giddings, DDS, Vice-Chairperson
Jane Stratman, RDH
Sam Jacoby, DDS
Jane Lott, RDH
David Mlnarik, DDS
James P. Murphy, DDS
Joan Sivers, DDS
Doris M. Schrader, Secretary
Judith Kissell

Absent: NONE

Present from the Credentialing Division was Becky Wisell, Section Administrator, Vonda Apking, Credentialing Specialist and Suzanne Tesina, Credentialing Specialist; Lisa Anderson, Assistant Attorney General; Michael Grutsch, Program Manager and Larry Wiehn, Investigator from the Investigations Division. Also present representing the Board of Health was Gary Westerman, DDS.

ADOPTION OF AGENDA

Tamisiea requested that changes to the regulations regarding reinstatement be discussed under agenda item 7H and that the inhalation analgesia application of Matthew Hanfland, DDS, be added for discussion under agenda item 11D. Sivers requested that acceptance of both SRTA and NERB be discussed under agenda item 10B. Gidding mentioned that agenda item 7F has already been discussed and reflected in the minutes of the last meeting. Mlnarik moved, seconded by Murphy, to approve the agenda as revised. Voting aye: Giddings, Jacoby, Kissell, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: none. Motion carried.

APPROVAL OF MINUTES

July 15, 2005

Mlnarik moved, seconded by Jacoby, to approve the minutes from the July 15, 2005 meeting. Voting aye: Giddings, Jacoby, Kissell, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: none. Motion carried.

September 29, 2005 – Conference Call

Tamisiea mentioned that under ANESTHESIA PERMITS line 8, the sentence starting with Tamisiea should read “Tamisiea concluded that the law should read that all anesthesia permit holders could practice at any site that had already been approved and/or inspected.” Mlnarik mentioned that also under ANESTHESIA PERMITS line 13, the word “be” should be inserted before the word “a”. Siverson moved, seconded by Giddings, to approve the September 29, 2005 minutes as corrected. Voting aye: Giddings, Jacoby, Kissell, Lott, Mlnarik, Murphy, Schrader, Siverson, Stratman. Voting nay: none. Absent: none. Motion carried.

INVESTIGATIONAL REPORTS – CLOSED SESSION

Giddings moved, seconded by Siverson, to go into closed session at 8:11 a.m. for the purpose of hearing investigational reports and compliance monitoring reports. Voting aye: Giddings, Jacoby, Kissell, Lott, Mlnarik, Murphy, Schrader, Siverson, Stratman. Voting nay: none. Absent: none. Motion carried.

Ruth Schuldt entered the meeting at 9:40 a.m.

Stratman recused herself from discussion at 11:10 a.m., returned at 11:27 a.m.

Tamisiea recused himself from discussion at 11:27 a.m., returned at 11:30 a.m.

The Board returned to open session at 12:34 p.m.

DISCIPLINARY INFORMATION

Actions Taken/ Pending

Anderson commented that hearings have been scheduled for Christine Campbell, DDS, and James McCaslin, DDS. Anderson also mentioned that a hearing was held on August 3, 2005 on Lamont Gillham, DDS, and she is waiting for the Order.

UNFINISHED BUSINESS

Determination of Fee Amount for Dental Locum Tenens

Apking mentioned that there have been only 3 states (West Virginia, Texas, and Kansas) to participate in a program similar to Mission of Mercy. Apking commented that Kansas does not require a fee. That West Virginia’s fee is minimal, and that Texas’ fee is very expensive but it is not clear what their temporary license is used for. Tamisiea mentioned that dentists are donating their time for the Mission of Mercy and should not be required to pay a fee. Mlnarik moved, seconded by Stratman, to not charge a fee at this time and the Department should track how many locum tenens are issued with the next year and then bring back to the Board to determine whether a fee is needed. Voting aye: Giddings, Jacoby, Kissell, Lott, Mlnarik, Murphy, Schrader, Siverson, Stratman. Voting nay: none. Absent: none. Motion carried.

Report by Sub-Committee on Enteral Conscious Sedation – Tamisiea

Tamisiea read a letter sent to the enteral conscious sedation group about the history of the process to introduce a bill to regulate enteral conscious sedation. Asked group to pursue legislation since the Board has been unable to get the department to introduce legislation on enteral conscious sedation.

Report by Sub-Committee on Expanded Duties for Dental Assistants – Murphy

Murphy explained that the committee discussed the handout from Dr. Remmenga. Kissell mentioned that there should be a limit on the number of dental hygienists and dental assistants a dentist could supervise. Giddings mentioned that there was discussion on x-ray certification, whether a 407 review was needed, and feedback from Nebraska Dental Association (NDA). Jacoby mentioned that there could be different levels of dental assistants with expanded duties. Gary Westerman mentioned that Utah has guidelines for supervising DH and DA. The Board requested that staff request this information from the Utah Board of Dentistry. Board wants the committee to develop a list of duties for the different levels and provide the list to the NDA group. NDA needs to work with NDHA and NDAA on this issue. Jacoby will replace Giddings on the committee. The committee will consist of Murphy, Jacoby, Stratman and Lott.

PRESENTATION ON PUBLIC HEALTH DENTISTRY – JESSICA MEESKE, DDS (1:00 PM)

Jessica Meeske, DDS, Public Health Dentist, from Hastings, is a board certified pediatric dentist. Dr. Meeske provides public health dentistry, which includes basic dental services for many uninsurable patients and uninsured indigent children. Dr. Meeske runs a community health program called The Sonrisa Project. Dr. Meeske explained that public health dentists work in public health facilities, community health centers, serve as consultants, and are project managers for dental public health projects. Dr. Meeske stated that there are only 3 public health dentists in Nebraska.

The ADA has recognized public health dentists since 1937, it is the oldest and smallest specialty field in dentistry. There is membership organization that is open to anyone interested in public health dentistry. Dr. Meeske explained why it is important to provide an equal standard of care and that everyone should have access to basic dental services. Dr. Meeske stated that ethics and responsibility in dental care, methods of oral epidemiology, water fluoridation, smokeless tobacco/oral cancer, safety of dental practice, maximization of capacity of each member of the dental team to provide dental services to everyone who needs them, and financing of dental care are some areas that public health dentistry addresses. Dr. Meeske stated that ethics should be continuously taught along with public health dentistry. Dr. Meeske feels more should be done to promote public health dentistry and the prevention of diseases. Dr. Meeske explained that public health dentistry is also open to dental hygienists and others who have an interest.

The Board thanked Dr. Meeske for her presentation.

UNFINISHED BUSINESS CONT'D

Report by Sub-Committee on Practice Act Changes – Jacoby

Jacoby mentioned that he had forwarded the committee suggested changes to Wisell. Wisell commented that the suggested changes were added to the draft of the practice act.

LEGISLATION

2006 Legislation

Practice Act Changes

Wisell explained changes to the reciprocity language and the change to the residency language to meet the active practice requirement. The Board mentioned that a change to the Faculty licensure language that would allow a retired dentist to acquire a faculty license. Wisell reminded Board that the Department prefers not to include controversial issues when introducing this bill. The Board suggested several additional changes throughout the draft.

Uniform Licensing Law (ULL) Rewrite

Wisell explained that the NCR committee met on August 31, 2005, to discuss input received from the public meeting. Wisell commented that she has been meeting with an internal workgroup on the directions for changes from the NCR committee. There was a public meeting held during September in North Platte and Omaha to receive comments on the revised draft. Some of the changes to the draft included a clearer definition of endorsement and leaving the hearing before the Board for reinstatement after discipline. Anderson commented that the Attorney General's office supports keeping the hearing before the Board for reinstatements after discipline. Wisell also stated that the Department determined several issues where the word "approval" is being used in the ULL instead of the word "advice". The Department believes that the Boards should approve the following: 1) Continued competency requirements, 2) Requirements for issuing the license, 3) Requirements for renewing a license, 4) Educational programs, 5) Reinstatements, and 6) Grounds for unprofessional conduct. Wisell explained that the ULL would increase the Board members to include another public member for Boards with less than five Board members. Other changes to the ULL include indefinite revocation and deleting the letter of concern from the language regarding discipline. Wisell commented that practice concerns could be disseminated through the newsletter instead of using a letter of concern.

Practice Act Changes Cont'd

Sivers mentioned that ADEX might not be able to provide examination scores like CRDTS currently does and mentioned language may need to be changed. Wisell explained deletion of the language regarding practicing anesthesia prior to October 1, 1987. Giddings moved, seconded by Murphy, to remove language that requires a permit to administer inhalation analgesia from the practice act. Voting aye: Giddings, Jacoby, Kissell, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: none. Motion carried.

NDHA Request to Clarify §71-185 Regarding Definition of Two Academic Years

The Board received copies of a case law that provided a definition of two academic years.

UNFINISHED BUSINESS CON'T

Darrell Klein, Department Legal joined the meeting at 2:05 p.m.

Anesthesia Permit Issues

Mr. Klein explained that statutes do not allow issuance of a permit to an institution. Mr. Klein mentioned that the statutes are specific that the dentist must maintain the facility where inhalation analgesia is being administered. Mr. Klein also explained that with the higher levels of anesthesia permits an onsite inspection has to occur, therefore each location where the dentist would be administering anesthesia is required to have a permit. The Board discussed changing the regulations to address the issuing of permits to the two Nebraska college/school of dentistry. Sivers questioned whether dental school instructors would be required to have an anesthesia permit because the students are actually administering the anesthesia and the instructor is just supervising the students. Stratman mentioned that this situation is different in the dental hygiene program because the dentist actually administers the inhalation analgesia. The dental hygiene programs teach administration of inhalation analgesia because other states allow a dental hygienist to administer inhalation analgesia. The Board members discussed that supervising students is practicing dentistry because the instructor needs to step in at anytime in case of an emergency. Mr. Klein explained that under the current statutes, every instructor supervising the administration of inhalation analgesia should have a separate permit for the teaching institution.

American Board of Dental Examiners (ADEX) Agreement

Mr. Klein apologized for not being able to review the ADEX agreement and requested that the Board postpone discussion of this issue until their next meeting.

Anesthesia Permit Issues Cont'd

Sivers mentioned that there is concern about the administrative penalty and disciplinary action recommendations that the Department and the Board might impose on the instructors that have been administering inhalation analgesia without a permit. The Board determined that the clinic floor and the faculty practice settings are different and would require separate inspections, but they are located at a single address and would not require a separate permit. The Board discussed a letter received from Dr. Coover addressing his concerns about the recent disciplinary actions taken against dentist that do not have a permit to administer anesthesia. Wisell will write a letter to Dr. Coover explaining that the Attorney General is not mandating the discipline and that the statutes clearly state that a dentist is required to have an anesthesia permit if the dentist is administering inhalation analgesia, parenteral sedation, or general anesthesia. Tamisiea offered to write a letter to Dr. Reinhardt and Dr. Friedrichsen informing them of the Board determination on requiring separate permit for the each site where the dentist may be practicing including teaching institutions. The Board commented that practice site means any location at a single address. The Board also determined that the instructors should not administer inhalation analgesia until a permit for such location is issued by the Department.

Mr. Klein left the meeting at 3:05 p.m.

Uniform Licensing Law (ULL) Rewrite Cont'd

Tamisiea mentioned that he had some concerns about some language contained in the ULL Rewrite draft. Tamisiea provided Wisell with a copy of his concerns.

Giddings commented that the Board should accept continuing education in public health dentistry. Wisell reminded the Board that licensee only attest to meeting the continuing competency requirements unless a licensee is subject to an audit of their continuing competencies. Sivers mentioned that the current regulations allow for public health dentistry to be considered as acceptable continuing education.

Enteral Conscious Sedation

The Board requested that a copy of last year's letter be shared with the Policy Cabinet to remind them of why the Board feels this legislation is important. Wisell commented that new Department Director, Joann Schaefer, M.D., Chief Medical Officer, has been made aware of the Board's concerns with the importance of this legislation being introduced by the Department on behalf of the Board.

Kissell left the meeting at 3:40 p.m.

Grutsch left the meeting at 3:50 p.m.

CRDTS ISSUES

List of Examiners 2006

The Board discussed Nebraska's Central Regional Dental Testing Services (CRDTS) examiner list. Sivers mentioned that there will be an increase in the number of examinations this year and examiners may be requested to examine at more examinations throughout the year. Sivers encouraged the Board to think about adding an additional dental hygiene examiner. Stratman mentioned that Nebraska has more examiners than other states and would prefer to let the other states add dental hygiene examiners at this time. Stratman moved, seconded by Sivers, to postpone naming another dental hygiene examiner at this time. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Report on the Steering Committee Meeting and Report on the Examination Review Committee (ERC) Meeting

Sivers reported that the Examination Review Committee would have one meeting a year designated to addressing any changes to the ADEX examination. It was confirmed that CRDTS will not be exchanging examiners with the Western Regional Examining Board (WREB). Sivers also mentioned that Southern Regional Testing Agency (SRTA) has announced that they are no longer requiring a live patient for their periodontal portion of their examination. Sivers commented that SRTA might not be equivalent to the CRDTS examination due to this change. Sivers informed the Board that CRDTS is consolidating some of the testing sites. The consolidation might include the two dental hygiene testing sites but not until 2007. Lott explained to the Board that there was discussion about how and when scores would be reported to the state boards. Lott explained that Department staff would need to talk to Lynn Ray, RDH, about being notified of candidate's scores from the ADEX examination. The Board believes that the current statutory language does not need to be changed because CRDTS is still giving the examination. Tamisiea reported that the ERC reviewed the ADEX examination. Tamisiea commented that there is a lot less for the Clinic Floor Examiner (CFE) to do.

Report on the Executive Committee Meeting

Sivers commented that CRDTS has accepted ADEX as the examination they will be administering. Sivers mentioned that earlier in the year it looked like there could be a loss of some testing sites and that examiners may be asked to be examiners more frequently. Sivers commented that this is not the case and that there has been no loss to the dental testing sites. Sivers stated that there has been some controversy over giving a written examination. CRDTS has developed a handbook for their organization to resolve issues at the central office. CRDTS is also looking at developing a brochure to give to the schools and the candidates. The Board members commented that if Nebraska examiners are being requested to be examiners more frequently, then the Board should discuss adding additional examiners.

REGIONAL EXAMINATIONS

WREB Examiners

The Board discussed that if any of the Board members would like to be a WREB examiner they need to contact WREB on their own.

Continued Acceptance of WREB Examination

The Board discussed the main difference with WREB is that there is no longer a requirement to perform an indirect restoration whether it be simulated, patient based, or on a manikin. The Board mentioned that the main difference with the SRTA is that the dental examination does not require a live patient for the periodontal portion of the examination. Lott mentioned that Wisconsin requires an applicant that has taken the WREB examine to also take an additional clinic examination. The Board members discussed that SRTA is more of a computer simulation. Giddings moved, seconded by Lott, to not accept SRTA scores for those dental applicants testing after January 1, 2006. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Giddings moved, seconded by Lott, to not accept WREB scores for those dental applicants testing after January 1, 2006. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

The Department will notify SRTA and WREB of this decision with stating the basis is because the Board does not consider their examination as equivalent any longer.

NEW BUSINESS

Final Report of Recommendations and Findings by the Dental Hygienists Technical Review Committee

The Board reviewed the Final Report of Recommendations and Findings by the Dental Hygienists Technical Review Committee. The Board made no comments.

Report from AADE Meeting – October 5-7, 2005 – Philadelphia, PA

Stratman reported that she attended the liaison breakfast where there was discussion on displaced practitioners from Hurricane Katrina; discussion on dental tattooing, the use botox, and the use of collagen in dentistry; and harassment in the workplace. Mlnarik reported that he attended the portion of the meeting that discussed corporate ownership and the limitations managing firms could place on the practice aspects of treatment. The discussion reminded dentists to read any contracts they are asked to sign by employers. Lott reported that she attended the portion of the meeting that discussed programs similar to Nebraska's Licensee Assistance Program (LAP) which focused on Boards receiving accurate results. Sivers reported that discussion at the Board Round Table included common licensure issues, discipline, and competency issues. Jacoby reported that he attended the breakfast forum, which discussed displaced practitioners and foreign trained dentists practicing in under-served areas.

Application(s) for Licensure

Mlnarik moved, seconded by Lott, to request that Carrie Browder receive a Licensee Assistance Program (LAP) evaluation. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Lott moves, seconded by Sivers, to approve the dental hygiene application of Sarah Jueneman. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Mlnarik moved, seconded by Schrader, to approve the dental application of Meshael Mairza. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Mlnarik moved, seconded by Lott, to request that Mariah Carroll receive a Licensee Assistance Program (LAP) evaluation and to have a pre-licensure investigation performed. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Application(s) for Dental Anesthesia Permits

Sivers moved, seconded by Stratman to approve the inhalation analgesia application of Anne Aiello, DMD. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Stratman moved, seconded by Sivers to approve the inhalation analgesia application of Dustin Bailey, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Mlnarik moved, seconded by Murphy to approve the inhalation analgesia application of Don Blank, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Mlnarik moved, seconded by Lott to approve the inhalation analgesia application of Maurice Ganser, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Mlnarik moved, seconded by Schrader, to approve the inhalation analgesia application of George Rakes, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Lott moved, seconded by Stratman to approve the inhalation analgesia application of Robert Wilson, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Stratman moved, seconded by Sivers to approve the inhalation analgesia application of Margaret Schnell, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Mlnarik moved, seconded by Stratman to approve the inhalation analgesia application of Mark Taylor, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Murphy moved, seconded by Lott to approve the inhalation analgesia application of James Wewel, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Murphy moved, seconded by Sivers to approve the inhalation analgesia application of Farrah Plate, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Jacoby moved, seconded by Mlnarik to approve the inhalation analgesia application of Matthew Hanfland, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Application(s) for Local Anesthesia Certification

Murphy moved, seconded by Lott to approve the local anesthesia application of Tisha Brown. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Stratman. Voting nay: none. Absent: Kissell, Sivers. Motion carried.

Mlnarik moved, seconded by Schrader to approve the local anesthesia application of Brenda Kluthe-Lemmer. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Stratman. Voting nay: none. Absent: Kissell, Sivers. Motion carried.

Application(s) for Approval of Local Anesthesia Course(s)

Stratman moved, seconded by Lott, to approve local anesthesia course given by the University of Michigan. Voting aye: Giddings, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Jacoby, Kissell. Motion carried.

Lott moved, seconded by Stratman, to approve local anesthesia course given by Pasadena City College. Voting aye: Giddings, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Jacoby, Kissell. Motion carried.

Application(s) for Approval of Remedial Course(s)

Stratman moved, seconded by Mlnarik, to approve the remedial course given by UNMC College of Dentistry to Mary Ebling, DDS. Voting aye: Giddings, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Jacoby, Kissell. Motion carried.

Stratman moved, seconded by Mlnarik to approve the remedial course given by UNMC College of Dentistry to Brian Newell, DDS. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Inhalation Analgesia Renewal Form – Question about Connectors

Murphy volunteered to help reword the questions on the inhalation analgesia renewal form.

FINANCIAL REPORT

Wisell commented that a financial report was provided to the Board members for their review.

REPORT ON THE ACCREDITATION SITE VISIT FOR CREIGHTON UNIVERSITY – MLNARIK

Mlnarik explained the accreditation process. He appreciates what the school goes through to be accredited. He commented that every school has to meet the accreditation standards. Mlnarik commented that it was very interesting and thanked the Board for letting him participate on the Board behalf.

GENERAL INFORMATION

Jacoby mentioned that he had not received the newsletter. Apking will check on current addresses and forward a newsletter to Mlnarik, Jacoby, Kissell, Schrader, and Anderson.

SET 2006 MEETING DATES

The Board scheduled their next meeting for January 13, 2005. The Board will schedule the meeting dates for the rest of 2006 at the January meeting.

Tamisiea thanked the Board for choosing him to be Chairperson for the past two years, but suggest that the Board nominate another person in January.

RECOGNITION OF BOARD MEMBERS WHOSE TERMS WILL EXPIRE ON NOVEMBER 30, 2005

Tamisiea recognized the years of service that Joan Sivers, DDS and John P. Giddings, DDS have contributed to the Nebraska Board of Dentistry. The Board members presented Dr. Sivers and Dr. Giddings with crystal paperweights. Wisell presented Dr. Sivers and Dr. Giddings with a plaque and Admiralships from the Governor.

October 14, 2005
Dental Board Meeting
Page 11

ADJOURNMENT

Stratman moved, seconded by Mlnarik, to adjourn the meeting at 5:54 p.m. Voting aye: Giddings, Jacoby, Lott, Mlnarik, Murphy, Schrader, Sivers, Stratman. Voting nay: none. Absent: Kissell. Motion carried.

Respectfully submitted,

(Signature on file at the Department)

Doris Schrader, Secretary
Board of Dentistry
